

Preliminary Agenda

Thursday, 23 April 2026

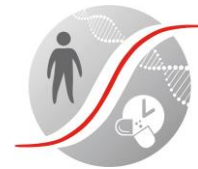

17:00–19:00	Arrival Leonardo Hotel in Weimar
19:00	Dinner

Friday, 24 April 2026

08:30	Welcome <i>Andreas Kovar, Tobias Pähler on behalf of the Organizing Committee</i>
Session 1:	Lost in Translation – How to Deal With False Precision and Valuable Uncertainty? <i>Session Chairs: Alexander Staab, Antje Walz</i>
8:45	Setting the scene <i>Alexander Staab, Antje Walz,</i>
9:00	Translational Approaches from Preclinical to Clinical: Toolbox and Missing/desired Tools 2026 <i>Jens Borghardt (Boehringer Ingelheim)</i>
9:30	<i>Discussion</i>
9:45	Uncertainty in model outcomes – the art of saying “It Depends” <i>Mark Davies (Physiomics)</i>
10:15	<i>Discussion</i>
10:30	<i>Coffee Break</i>
11:00	Learning by Backtranslation – When Models Teach Us Something Unexpected Mechanism-based Analysis of Informative Surprise <i>Rolf Burghaus (Bayer)</i> When therapies succeed or fail for covalent drug action <i>Jan Schlender (Novartis)</i>
11:30	<i>Discussion</i>
11:45	Reality check – how do we train project teams to make the right decisions under uncertainty? <i>Benjamin Weber (CSL)</i>
12:15	<i>Discussion</i>
12:30	Joint Lunch

13:30	Master / PhD students: Best presentation award (5 min presentation followed by 5 min discussion each)
Session 2:	Formulation Impossible: Delivering the Undeliverable <i>Session Chairs: Corina Becker, Joachim Höchel</i>
14:15	Introduction into biopharmaceutics beyond peroral standard approaches <i>Werner Weitschies (University Greifswald)</i>
14:45	<i>Discussion</i>
15:00	Peroral delivery of peptides — Making the impossible possible <i>Max Sauter (Bayer AG)</i>
15:30	<i>Discussion</i>
15:40	Coffee Break
16:10	Biopharmaceutics and IVRT of non-standard dosage forms – background and case examples <i>Ryan Loughlin (Millicent Pharma)</i>
16:40	<i>Discussion</i>
16:50	“Best Presentation Award” Winner Ceremony <i>Moderated by Tobias Pähler</i>
17:00	End Session 2
<hr/>	
17:30	Joint Jogging
19:15	Evening reception
<hr/>	
20:00	Dinner
<hr/>	

Saturday, 25 April 2025

09:00

Hans Günter Schäfer Award Ceremony

Moderated by Andreas Kovar

Session 3:

Harnessing AI and ML to advance Clinical Pharmacology

Session Chairs: Charlotte Kloft, Nele Mueller-Plock

09:30

AI/ML in Drug Development: A Pharmacometrics Perspective on
Enhancing MIDD Workflows

Jane Knöchel, University of Copenhagen

10:00

Discussion

10:15

The Reality Check: Use Cases, Regulatory Considerations,
and Limitations of AI/ML in Clinical Pharmacology

Ana Victoria Ponce Bobadilla, Certara

10:45

Discussion

11:15

Coffee Break (30 min)

11:45

Talk: Machine Learning for Pharmacokinetics

*Holger Fröhlich, Fraunhofer Institute for Algorithms and Scientific
Computing (SCAI)*

12:15

Discussion

12:30

Closing Remarks and End of Meeting

Andreas Kovar on behalf of the Organizing Committee

12:30

Joint Lunch
